To The Secretary to the Government of Madras,

Law(Education) Department

Sir,

In submitting herewith letter Dis. No. 172 D/24 dated 7- 3- 24 from the President, Taluk Board, Udipi applying for a recurring grant of Rs.8,000 for the purpose of introducing compulsory Elementary Education in the town of Udipi, I have the honour to state, that the number of boys of school-age residing in Udipi proper is only 819 against the 13,672 boys resident in the remaining area under the Boards jurisdiction. The proposal is to open three new schools, with four teachers in each, with a view to bringing under instruction the additional number of boys of school age resident at Udipi whose number is

is estimated to be 300. The number of boys of school-age yet to be provided for in the remaining area, is 4,869. The proposal, if given effect to, would benefit only one seventeenth of the total number of boys of school-age resident within the Boards jurisdiction.

2. There are in the Udipi Taluk Boards jurisdiction as many as 27 villages with a population of 1000 and above, having no recognised school whatever. The Board should therefore consider the question of providing these villages with schools before it could think of introducing compulsion in any particular area. Even if Provincial funds are available for sanctioning additional subsidies they can be granted only for opening schools in school-less villages, rather than for providing additional facilities in a town already fairly adequately provided with schools, which are attended by over 1000 children as in the case with Udipi.

3. In the circumstances stated above I am unable to support the proposal and in this connection, I would invite the attention of Government to G.Os.Nos.544 Law (Education) dated 11- 4- 23 and 952 Mis Law(Education) dated 6- 7- 23 wherein sanction was not granted for similar proposals.

4. The Boards request for a grant for school buildings will be considered with reference to Governme

Sir,

The Elementary Education in the Board's Elementary schools in Udipi town has been made free by this Taluk Boar since 1st September 1922,as a preliminary step for the intr duction of compulsion. Though the Education Tax is being - levied by the Taluk Board in its area at the maximum rate prescribed in section 34 of the Elementary Education Act - Viz- @ 3 pies in the rupee of land revenue - the Taluk Board has not been able to make the Elementary Education compulsor which is due to its financial difficulties to provide addi- tional accommodation and staff etc,and also to compensate

private management for

loss of their fee income. The Taluk Board has therefore resolve

approach Government for aid i.e for a special grant of --

10000/- for school buildings in Udipi and for an annual --

curring grant of Rs 8000/-,with a view to enable it to start --

ompulsory Education at Udipi,which I request the Government --

ay be pleased to sanction.

Mis.

The Government are unable to sanction a subsidy to the Taluk Board to enable it to introduce compulsory elementary education in the town of Udipi. Before attempting to introduce compulsory education in a town already fairly provided with schools ~~which can accommodate~~ having an attendance of over 1000 children, the Taluk Board should consider the question of opening schools in villages now unprovided with schools.
